

LANSING CHRISTIAN SCHOOL

Dear Parents,

Variable Tuition is available for families with Kindergarten through 12th graders. Variable Tuition is the school's need-based tuition assistance program that allows families to apply for reduced tuition that is right for their families' individual financial situation.

The application and supporting documents are **due March 1, 2025**.

We also have Pilgrim Scholarships available for returning students that will be in grades 1-12. These scholarships are based on their abilities, activities, qualities and family's financial situation. These scholarships are also due March 1, 2025. See the [LCS website](#) for more information and an application form.

To access the variable tuition application:

Submitting Documentation

The Variable Tuition Application with Blackbaud Financial Aid Management should be based on your current (for the upcoming year) income and expenses. However, for the required supporting documentation you may use either your 2023 tax returns and W-2's or your 2024 tax returns and W-2s. The paycheck stubs that you submit will need to be your most recent pay stub regardless of which return you use.

Documentation should be submitted at the time the application is completed. Application IDs from Blackbaud Financial Aid Management must be included on all documents. Failure to include your ID will delay processing

of your application. Please be advised that each document must be uploaded separately under the appropriate document type in order for your application to automatically move into the review status.

Check off the "Document Cannot be Provided" box if you are unable to provide a document. Doing so will enable your application to continue on with the review process. Email follow up will be made if missing documents are flagged as required. If you checked the "Document Cannot be Provided" box, submit a Special Circumstance Letter indicating which document(s) you are unable to provide and why.

Direct Upload: <https://studentfinancialaid.blackbaud.school> (login with your username and password)
